

Thank you for your interest in pursuing a career with the Bedford Regional Water Authority (BRWA)! The BRWA is looking for qualified candidates to fit our culture and fulfill our mission “To provide high quality water and wastewater services to the community.”

For this role, we are open to hiring someone at a trainee level with no experience or a technician in a similar position and with previous experience.

Please review the job descriptions in this document to see which one may be most suited to your skill set. You can select the bookmarks tab on the left-hand side to navigate through the job descriptions to find the one that best fits your experience.

When you apply, in the field asking which position you are applying for write either Trainee, Technician I, II, or III based on your experience. Our hiring team will review applications and set up interviews with select candidates. After interviews, the hiring team will determine which candidate is best suited for the job and make a job offer at the level (Trainee or Technician I-III) the person fulfills.

We are excited to review your accomplishments and thank you again for your interest in the BRWA!

Preventative Maintenance Trainee

Job Description

Role:

Under the direction of the Preventative Maintenance Supervisor, the person in this position will investigate sanitary sewer back-ups and overflows. Using the proper equipment, perform sanitary sewer inspections and work to clear obstructions found in the sanitary sewer system.

Essential Functions

To perform this job successfully, an individual must be able to perform each essential function satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable an individual with disabilities to perform the essential functions.

- Operate camera equipment to visually inspect sewer lines for structural defects by directing the movement of the unit through the sewer system and adjusting the camera to diagnose problems.
 - Operate equipment to flush or saw obstructions from the sanitary sewer system.
 - Clean and check equipment after each use, perform routine inspection service, adjust, and make repairs to equipment, and attachments.
 - Assist with the monitoring of Root Treatment processes in utility lines.
 - Introduce smoke into sewer system to identify sources of groundwater infiltration.
 - Perform inspections on manholes and manhole lids to prevent unwanted rain or groundwater from entering the sewer.
 - Assist and respond to customers with concerns.
 - Locate and exercise valves and hydrants to make them accessible and ensure operability.
 - Maintain crew vehicle.
 - Perform other tasks and duties as assigned by the Preventative Maintenance Supervisor.
-

Minimum Qualifications:

- Graduate from High School or equivalent diploma.
- Ability to work safely and obey all safety rules.
- Ability to apply common sense understanding to carry out instructions furnished in written, verbal or diagram form.
- At least 1 years of experience in water and sewer or construction preferred.
- A valid Virginia driver's license and a Class A CDL with Air and Tank endorsements within 6 months of hire.
- Ability to comply with the Authority's Vehicle and Equipment policy.
- Must obtain a NASSCO PACP, MACP, and LACP certification within the first 12 months of hire.
- Must be proficient in the use of Computers including Microsoft Office®.
- Must be organized, detailed, and self-motivated.

- Must obtain VDOT Basic Traffic Safety Certification • Be able to maintain logs and prepare reports.
- Other skills and knowledge that demonstrate the ability to do the job.
- Must be able to pass a drug test and background screening.

Additional Information:

- This position has no supervisory responsibility.
 - The position typically requires working Monday through Friday from 7:30 a.m. to 4:00 p.m. with a thirty (30) minute lunch break. This position is subject to being on-call during the off-hours as may be needed for emergency repairs. Position is considered essential personnel.
-

Working Conditions:

The information listed below is representative of the physical demands, physical agility, sensory requirements, and environmental exposures required by an individual to successfully perform the essential duties of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential duties.

- Employee rarely sits and may walk or stand for long periods of time.
- This classification involves frequent physical agility requirements such as: climbing, stooping, kneeling, crouching, crawling, reaching, pushing, pulling, repetitive motions and manual dexterity.
- Sensory requirements include standard vision requirements, ability to express ideas and ability to hear information at normal spoken word levels.
